**JOE TINKER
CASE MAY GO
TO THE COURTS**

CHICAGO, Dec. 25.—The signing of Joe Tinker as manager of the Chicago team in the Federal League has started a lot of trouble among baseball men and from general ill-fated matters may go to the courts.

It is stated here today that the Brooklyn Club will fight Tinker to the end, but also a report came here that the Brooklyn managers would take no action, but will leave the matter to the National Commission.

The signing of Tinker to a three-year contract at a large salary, quoted as \$150,000 a year, has made the American and National League baseball men sit up and take notice. Up to this time the work of the Federal League was considered more or less of a joke, but now it is plainly visible that the new organization means business and eventually has the money to go ahead with matters.

President Gilman of the Federal League left this city for New York and today will view sites for a park for the proposed New York team.

The report that the Brooklyn team would bring the matter to the courts was met with an immediate answer by J. Edward Kraus, a director of the Federal League.

When told that the officials of the Brooklyn Club were planning to join Tinker from playing with Chicago, Kraus said:

"The Federal League will stand behind every one of its players. In every case where local action is brought against the players, the league will furnish the defense. We think the Federal League is in a position to secure a victory in the matter."

Joe Tinker has not made a definite statement as yet, but it is believed here that he has actually signed the contract as stated.

**ANSON OF PRESENT AND
PAST PLAYERS**

By CAPTAIN ADRIAN C. (POP) ANSON.

The Grand Old Man of Baseball. After an absence from Boston for several years, I want to say first of all that I am mighty glad to be back in the best baseball city in this world. I have traveled all over the globe, and have yet to find a better and more loyal place for baseball than good old Boston. This does not apply to the big-hearted fans, but also to the sporting writers, whom I believe are the most impartial lot of critics that a man could find. The methods used by sporting writers in Boston are fair in every detail. I have known of many instances when sport critics could have "panned" players for bone-headed work on the diamond, but these big hearts would not betray them.

After an all-night ride on a train, I am somewhat tired out after my long journey from Pittsburgh where I was greeted by the fans of that city, who I made my apartment in that last week. The most interesting incident of my trip was the meeting between Honus Wagner and myself, when I got off the train. Wagner and I were together most of the time I was in Pittsburgh, and we talked baseball every minute we were left alone. But to get back to Boston is certainly a treat for me. Although I am an old boy, I don't think of anything else but beating the old Boston team, and believe me, that was always a hard job.

What I propose to do while I am in Boston this week in connection with my appearance at the National Theatre is to try and explain through the columns of the Boston American, and believe me, that was always a hard job.

While my vaudeville performance and my work for the AMERICAN are going to take up most of my time, I want it understood that I am always ready and willing to meet my old friends. I will not have the time on my hands that I would like to have, but I want to have any of the old fans call at the stage door of the National Theatre. Starting on the 26th, I will compare the playing of the present day pitcher with the man who used to be behind the plate, way back in the 1880's and 1890's.

Mr. Tinker is reluctant to grab that \$20,000 offered him by the Federal League for fear that it may be the same sort of money offered him by Charlie Gable.

One candidate for the Carnegie Medal Club is George Eckhardt, who preaches prohibition in spite of the fact that he often falls in the street.

Bombardier Wells is said to be an exceptionally fast outfielder, but the only way he can escape being in the ring is to learn the art of burrowing.

**TWO BIG BOUTS
TO TAKE PLACE
ON THE COAST**

By JACK CONWAY.

THE NEW YEAR will be ushered in Thursday with two important ring battles on the Coast. "Honest" Smith will meet Arthur Poley in a twenty-round contest in Bay City, which is just outside of San Francisco, while "Lash" Cross and "Bud" Anderson are scheduled to clash in another derby wharf in Los Angeles.

The Smith-Poley bout has attracted an intense amount of interest throughout the country, and a great crowd of fight "fans" will be on hand to witness the change boys. The winner will tell the disappointed white-hothead champion, which in itself does not mean a whole lot as the average second-rate fighter of a decade ago would be able to conquer the majority of the present star white heavyweight without much trouble.

SPORTING LOVERS, HOWEVER, usually always like to witness an event in which some sort of a title is involved. Even when the promoter is not a first-class one, the title is a factor in the attraction of the world's fight fans. Last night, it seemed, interested human beings in St. Louis who paid real money in order to see the two teams play.

Smith has been made a 10-to-8 favorite over Poley, and unless the unexpected happens he should win. The winner is far from being a ring marvel, but he is a perennial hit little difficulty in winning from the present crop of white heavyweights.

SMITH IS WELL KNOWN TO the sporting fans here. He has engaged in two duels in this city. He knocked out Tony Lopez at the Albee A. A. while he also won from him in a rematch at the Arena. Tony, the former world champion, was defeated by the "Tar Baby" if the latter was in condition for the fight, but he never decided to fight him, and the referee's decision was that when one is chasing ring men.

JIM BUCKLEY'S FAVORITE is a tall, rangy young man, being 5 feet 11 inches tall, and weighing 145 pounds. He is only a boxer, but a sweet puncher, Smith has won the majority of his bouts by landing a dream punch inside the belt, but when he has been pitted against a dangerous opponent he has been ready enough to do the greater part of his fighting at long range.

POLEY IS AN UNKNOWN QUANTITY as a star performer. He was classed as a contender when he was knocked out by Tony Lopez in a Calgary ring last night. One that has not engaged in a contest within the last long time.

He has been mastering the fine points of the boxing game, and the careful directing of Tommy Poley will enter the ring New Year's Day in perfect condition and ready to put up the battle of his life.

THE ANDERSON-CROSS BOUT is an important one. When these two lightweights meet, there will be a knockout in twelve rounds, and the winner will be a sure bet to get a return bout. He was boxed at a merry pace until he met the New York den, and he will be well rested for the tables Thursday.

THE WORK OF "MICKY" ROACHE, the star forward, will be closely watched this season, for he is one of the best hockey players in the schoolboy ranks. He has won almost all his games, and he will be a dangerous opponent.

THE ENGLISH HIGH SCHOOL hockey captain reported for that practice today six of last season's team were out and a strong team is predicted. Today, McDonald, Alberta, Roache, Quinny and Captain Gately are the veterans.

**Players' Fraternity
Gain Many Requests**

It is stated on good authority that the Players' Fraternity will receive good treatment at the hands of the baseball Commission at its meeting next month.

As a matter of fact, it is declared that fourteen of their requests are sure to be granted, and only three have any likelihood of being denied, all of which will be explained, it is said, to the treasury committee of the Commission, who are expected to be played. It is available on inquiry all the funds in greater tension and each afternoon the committee for the season will be all.

**To Boom Baseball
League at Meeting**

REPORTED, Dec. 25.—"Baseball night" is to be observed here tonight by the members of the City Club in their clubhouse at Page Field. The members of the fast Boston team, also are to be banqueted, together with the managers and players of the several baseball teams who are to join the proposed Tri-State League.

**SCHOOL HOCKEY
SEASON WILL BE
OPENED TODAY**

The cold snap of the past few days has been a big boost to school hockey, and many of the games scheduled this week are expected to be played. It is available on inquiry all the funds in greater tension and each afternoon the committee for the season will be all.

The season will open this afternoon with Tri-State Technical playing Newton High at New Ball and Marston playing Medford Arts at Day's Pond, Melrose.

The first games in the inter-school league series will be played this week at the Boston Arena. Junior and senior teams of the several schools will play. The games will be played in the evening of the same day. Arlington High and Melrose, these did not play, will still be in a league game of the arena.

**CROSS READY
FOR ANDERSON
GO THURSDAY**

LOAN ANDERSON, Dec. 25.—Loan Cross, the New York boxer who will meet Bud Anderson at Vernon New Year's Eve, resumed light training today. Cross is already in the best of condition and will be in top form on the day of the bout which will be of the lightest order. Cross is confident of the winning and is actually working another bout with Joe Rivers.

True Blue Eleven Loses
ST. LOUIS, Dec. 25.—The True Blue soccer team of Pleasant, N. J., was defeated by the St. Louis team 3 to 1. This gave the local team two out of three victories in the series with the eastern team.

(Enough for forty hand-made cigarettes in each 5-cent sack)

Millions of experienced smokers find the cigarettes they roll for themselves from pure, ripe "Bull" Durham tobacco better suited to their taste and more satisfactory than any they buy ready-made. They find the rich, fresh fragrance and smooth, mellow flavor of "Bull" Durham hand-made cigarettes afford lasting enjoyment and complete satisfaction.

Enough "Bull" Durham is sold in a year to make approximately 12 MILLION Cigarettes—about as many as all brands of ready-made cigarettes in this country combined. And the sales are still growing—because more smokers are learning to "roll their own."
